

# PAPREFIN (SHIKKUI)

White paste for wall smoothing, easy to sand

## What is this product

Powder paste, to smooth walls. Interior use: Cover gotelle walls or restore uneven surfaces before painting.

## Characteristics

- Easy application by hand
- Extrawhite
- Excellent covering
- Easy to sand
- Thin coat, up to 7 mm
- Perfect for wall levelling
- Monocomponent

## How to prepare the paste?

- This product is designed for manual application
- Mix PAPREFIN with a 40% of clean water (Approximately 6 litres of water per each 15 kg bag. Use electric mixer until getting a creamy and homogeneous paste.
- Let the paste settle during 5 minutes and apply.

## How to use PAPREFIN

- Make sure substrate is totally free of dust, dirt, grease, or any other substance which could affect to product's adherence to wall.
- If there is any doubt, apply a primer coat of ADESILATEX to ensure the substrate.
- Always apply bottom to top, covering all imperfections, obtaining a surface as smooth as possible.
- Once product is set, sand any possible imperfection until getting a perfectly smooth surface.
- Paint over once PAPREFIN is set and dry.
- For a second coat, always wait 24 hours.

## Where to use

- Gotelle walls
- Paints
- Gypsum plaster
- Gypsum boards
- PAPRESA ENLUCIDO

## Technical data sheet: Paprefin

Aspect	White powder
Presentation	15 kg bag
Output	6-7 kg/m <sup>2</sup>
Mix water	+/- 25%
Coat thickness	1-6 mm
Pot life	20 minutes
Density	1505 kg/m <sup>3</sup>
Adherence on brick	1,8 N/mm <sup>2</sup>
Adherence on concrete	2,1 N/mm <sup>2</sup>
Resistance to compression	20,7 N/mm <sup>2</sup>
Water absorption ratio	0,1 kg/m <sup>2</sup> x min 0,5
Water absorption after 24 hours	3,8%
Permeability to water steam	$\mu = 8,2$
Working temperature	min 3°C, max 30°C
Reaction to fire	A1
Shelf life (From production date, under cover, away from humidity)	12 months

## Composition

- White cement
- Fundamentally inorganic additives and collagens

## Precautions

Product components are not toxic. It must be worked with gloves, avoid powder inhalation and contact with eyes and skin. Keep away from children or animals.

## First Aid

Skin: Wash with plenty of water  
Eyes: Wash with plenty of water  
Ingestion: Rinse with water and drink plenty of water
